# 1. Optic Distribution Box, ZTT-1306-16P, Unload with Pole mounting Accessories

### 1.1 General properties:

**Note: the picture provides a reference only!**

### 1.2 Application

- For fiber's splicing, distributing and protection.

### 1.3 Equipment Characteristics

- Pole mounting, lock design.
- Unattached cable access for butterfly cable and fixing fittings.
- good anti-aging performance with beautiful appearance.
- Operation: smooth and easy wiring.
- Compact structure, good dustproof property.

### 1.4 Specification

- Longevity: >15 years.
- Operation Environment Temperature :-25℃～+55℃.
- Protection level: IP55
- Relative humidity: ≤85%
- Product measure: 301mm (H)*224mm (W)*73mm (D)
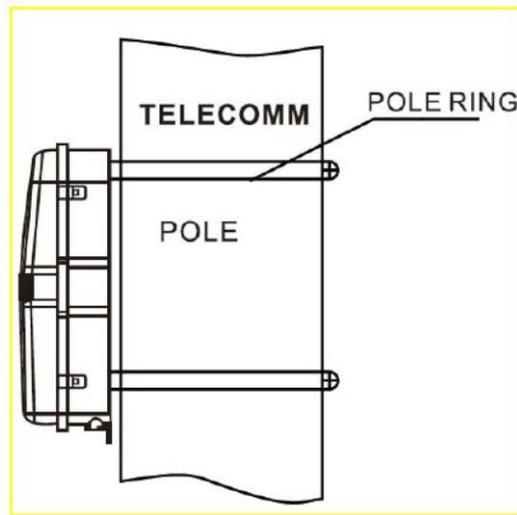

**Note: Nominal size may vary ± 5mm.**

### 1.5 Ordering information

- Indicate the number of optic fiber cable installing.
- Indicate the number of optic fiber splicing.

## 1.6 Product Diameter

## 1.7 Installation
