F2H-FSB-16-B Fiber Splitter Box-16 Cores

Description:

Grandway's Fiber Splitter Box provides a high density wall mounted or pole mounted solution for next generation networks, which aims to provide and manage fiber splitters in a limited space. It is designed for FTTH (Fiber to the Home) or FTTB (Fiber to the Building) with protective housing for all the passive fiber equipment installed inside.

Features:

1. Water-proof design with IP65 Protection level

2. Integrated with splice cassette and cable management system

3. Manage fibers in a reasonable fiber radius condition

4. Easy to maintain and extend the capacity

5. Fiber bend radius control more than 40mm

6. Suitable for the fusion splice or mechanical splice

7. 1*16 Insertion Module Splitter can be installed

8. 1 port cable entrance for FTTH Drop Cable

Configuration:

Material	Size	Max Capacity	Empty Weight	Loaded Weight	Color
PC+ABS	A*B*C(mm) 330*260*130	PLC 1×16	1.5kg	2.3kg	White
